Surface Area of Cylinders

Name: _____

There are _____ different "faces" on a cylinder.
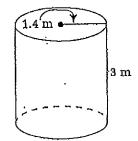

| Location of "face"	Area formula

1.

2.

3.
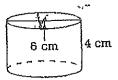

Formula for the Surface Area of a Cylinder = _____

**Evaluate the surface area of each cylinder. Show all of your work.**

1)

1.4 m

3 m

2)

9 cm

6 cm

3)

6 cm   4 cm

4)

4 cm

14 cm

5) Diameter = 22 cm

35 cm

6)

r = 4 cm

13 cm
